Public Water System Supervision Program Revision for the State of Delaware

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: Notice is hereby given in accordance with the provisions of § 1413 of the Safe Drinking Water Act as amended, 42 U.S.C. 300f *et seq.*, and 40 CFR part 142 that the State of Delaware is revising its approved State Public Water System Supervision Primacy Program. Delaware has adopted drinking water regulations for Volatile Organic Chemicals, Synthetic Organic Chemicals, and Inorganic Chemicals (Known as Phase II, IIB, and V) and for Lead and Copper that correspond to the National Primary Drinking Water regulations promulgated by EPA on January 30, 1991 (56 FR 3526), July 1, 1991 (56 FR 30266), July 17, 1992 (57 FR 31776), June 7, 1991 (FR 26460) and June 30, 1994 (FR 33860). EPA has determined that these State program revisions are no less stringent than the corresponding federal regulations. Therefore, EPA has tentatively decided to approve these State program revisions.

All interested parties may request a public hearing. A request for a public hearing must be submitted by February 2, 1995, to the Regional Administrator at the address shown below. Frivolous or insubstantial requests for a hearing may be denied by the Regional Administrator. However, if a substantial request for a public request is made by February 2, 1995, a public hearing will be held. If no timely and appropriate

request for a hearing is received and the Regional Administrator does not elect to hold a hearing on his own motion, this determination shall become effective on February 2, 1995.

Any request for a public hearing shall include the following: (1) The name, address, and telephone number of the individual, organization, or other entity requesting a hearing; (2) a brief statement of the requesting person's interest in the Regional Administrator's determination and a brief statement of the information that the requesting person intends to submit at such a hearing; and (3) the signature of the individual making the request; or, if the request is made on behalf of an organization or other entity, the signature of a responsible official of the organization or other entity.

ADDRESSES: All documents relating to this determination are available for inspection between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday, at the following offices:

U.S. Environmental Protection Agency, Region III, 841 Chestnut Building, Philadelphia, Pennsylvania 19107.
Delaware Department of Health and Social Services, 1901 N. DuPont Highway, New Castle, Delaware 19720.

Interagency Working Group on Environmental Justice; Notification of National Interagency Public Meeting on Environmental Justice

Executive Order 12898, Federal Actions To Address Environmental Justice in Minority Populations and Low-Income Populations (February 11, 1994) requires Federal agencies to integrate environmental justice into their agency's mission by identifying and addressing, as appropriate, disproportionately high and adverse effects of Federal actions on human health or the environment in minority and low-income communities. Pursuant

to the Order, an Environmental Justice Working Group was created.

On January 20, 1995, the Working Group will sponsor a public meeting in Atlanta, Georgia, at which the public can share concerns and make recommendations on how the Federal agencies can effectively promote environmental justice in their areas of responsibility.

The public meeting is designed to encourage discussion among different parties having an interest in the issue. To accomplish that goal, the Working Group is inviting the participation of private individuals and representatives of grassroots and community-based organizations; environmental organizations; academic institutions; businesses; industries; and Federal, Tribal, State, and Local governments.

The morning session will include discussions with representatives of Federal agencies on environmental justice goals and draft agency strategies. The afternoon program will feature several sessions at which participants will discuss particular issues relating to environmental justice. Representatives of Federal agencies will be available throughout the day to discuss draft strategies.

In an effort to expand participation, the Black College Satellite Network will broadcast an evening session from Atlanta to locations throughout the country. The session will be broadcasted from 7 p.m. to 9 p.m. eastern standard time and will provide the public an opportunity to comment on the draft environmental justice strategies of participating Federal agencies.

The public meeting will be held at Clark Atlanta University, 223 James P. Brawley Drive, SW., Atlanta, Georgia. To register for the Atlanta meeting or receive information on the satellite downlink sites, please call 1-800-413-9849.

If you have any questions or need additional information regarding the public meeting, please call Bob Knox or Danny Gogal at EPA's Office of Environmental Justice, toll free at 1-800-962-6215 or locally (202) 260-6357.

Jonathan Z. Cannon,

Assistant Administrator, Office of Administration and Resources Management.

FEDERAL RESERVE SYSTEM

[Docket No. R-0778]

Federal Reserve Bank Services

AGENCY: Board of Governors of the Federal Reserve System.

ACTION: Notice.

SUMMARY: In February 1994, the Board approved the expansion of the Fedwire on-line funds transfer service operating hours to 18 hours a day, from 12:30 a.m. to 6:30 p.m. Eastern Time (ET), beginning in early 1997. Currently, the Fedwire funds transfer service operates 10 hours a day, from 8:30 a.m. ET to 6:30 p.m. ET. The Board has delayed the implementation of the expanded Fedwire on-line funds transfer operating hours until fourth quarter 1997 to provide banks that intend to participate during the expanded hours an opportunity to first complete their conversion to the new Fedwire format. The Board believes a modest delay in the implementation of the earlier Fedwire opening time will be sufficient to address industry concerns regarding the interdependencies between the two Fedwire initiatives, while not deferring for a significant period of time the potential changes in payments and settlement practices that can contribute to reductions in Herstatt risk. A specific implementation date will be announced one year in advance of the effective date.

FOR FURTHER INFORMATION CONTACT: Louise L. Roseman, Associate Director

(202/452-2789), Gayle Brett, Manager (202/452-2934), or Lisa Hoskins, Project Leader (202/452-3437), Division of Reserve Bank Operations and Payment Systems. For the hearing impaired *only*, Telecommunication Device for the Deaf (TDD), Dorothea Thompson (202/452-3544).

SUPPLEMENTARY INFORMATION: In February 1994, the Board announced approval of the expansion of the Fedwire on-line funds transfer service operating hours to 18 hours a day, from 12:30 a.m. to 6:30 p.m. Eastern Time (ET), beginning in early 1997.¹ (59 FR 8981, February 24, 1994) In its announcement, the Board identified two public policy objectives for the Fedwire funds transfer service. Fedwire should:

(1) Provide a means that can be used to enhance the safety and efficiency of the U.S. dollar settlement arrangements, including arrangements that rely on interbank settlement of netted positions, particularly during periods of financial stress, and

(2) Respond to the needs of both existing and emerging financial markets, including overseas markets, which depend on the U.S. dollar and are increasingly reliant on state-of-the-art technology.

With these public policy objectives in mind and after extensive contact with representatives of commercial banks, brokers and dealers, clearing organizations, and corporate treasurers, the Board concluded that expanded Fedwire funds transfer operating hours could be a useful component of private-sector initiatives to reduce settlement risk in the foreign exchange markets. In addition, the Board concluded that expanded Fedwire funds transfer operating hours will eliminate an operational barrier to potentially important innovation in privately-provided payment and settlement services.

At the same time, the Board recognized the need stressed by the industry representatives that a long lead-time would be necessary for banks to make the necessary investments in new technology and the modifications to operating procedures in preparation for participating in expanded funds transfer operating hours. In particular, many banks would need to make significant automation and procedural changes in their end-of-day processing, which includes many batch operations, in order to obtain opening-of-business customer account balances earlier than they do today. Thus, when announcing

¹ Currently, the Fedwire funds transfer service operates 10 hours a day, from 8:30 a.m. ET to 6:30 p.m. ET.
